# Parenting and Learning

## Our approach provides:

- Case Management for Mother and Baby
- Increased support systems
- Prevention of disengagement from formal education
- Decreased subsequent pregnancies
- Increased life skills such as relationships, budgeting and parenting
- Reduced social isolation
- Increased support systems to reduce abuse
- Access to a mentor for mum, baby and partner on a weekly basis for a period of 2 years
- Promotion of educational settings that welcome and support pregnant and parenting students
- Access to safe and flexible babysitting to facilitate flexible education attendance
- Reduction of welfare dependency for young parents
- Improved service delivery and support for pregnant and parenting students through increased collaboration and partnerships with community based organisations.
